MARSH'S Floribunda or Sweetheart ROSES

The floribunda rose group has steadily increased in importance during the past few years until now it rivals the hybrid teas in a great many gardens. This trend is very gratifying to us because we have long been leaders in this field, not only offering a long list of the better floribundas from all sources, but also providing new patented varieties ourselves to swell the total and broaden the range of colors and flower types. We call particularly to your attention the four Marsh floribundas offered in the collection just below.

COLLECTION NO. 1

EXCLUSIVE MARSH FLORIBUNDAS

Included in this collection are the three unique Marsh Sweetheart roses pictured on the front cover, plus the new and marvelous Denny Boy, illustrated on the opposite page.

Red Cecile Brunner (Pasadena Tournament)
Lady Ann Kidwell
Red Sweetheart
Denny Boy

One each of all four, value \$7.00 for just...

\$5.85

BETTY PRIOR

(Pat. 340) One of the best medium height roses for borders and beds. Plants are heavily branched and well clothed with fine foliage and produce large branching clusters of semi-double pink flowers. Makes a fine show. \$1.50 each, 3 for \$3.90.

CARROUSEL

(Pat. 1066) If you saw only the cut flowers you might mistake this new floribunda for a hybrid tea because of the great size and substance of the blooms. Vivid dark red, non-fading petals which drop cleanly from old flowers, heavy and continuous production, and mildew-proof foliage. \$2.00 each, 3 for \$5.25.

CECILE BRUNNER

Tiny flowers. Buds pink shaded to salmon. Always in bloom. This rose, with our Pasadena Tournament, Red Sweetheart and Lady Ann Kidwell are four of a kind; very different from the usual large flowered roses. \$1.25 each, 5 for \$5.00.

CLIMBING CECILE BRUNNER

Just like the bush rose in flower form, but produced in large numbers on long canes. \$1.35 each, 3 for \$3.25.

CHATTER

(Pat. 739) Flowers are 2½ to 3 inches across and are borne in large clusters from which buds open in steady succession, providing a continuous display of velvety bright crimson blooms. Buds open slowly and fully opened flowers hold well. \$1.50 each, 3 for \$3.90.

CHINA DOLL

(Pat. 678) Very dwarf polyantha making a dense bushy growth and literally covered with dainty double light pink flowers. The clusters are large and the habit so neat that it is one of the finest roses for a low flowering hedge. \$1.75 each, 3 for \$4.65.

CRIMSON ROSETTE

(Pat. 901) Identical in form and habit to Pink Rosette (described on page 5) except that the color is brilliant crimson. See picture on page 4. \$1.75 each, 3 for \$4.65.

DENNY BOY

(Pat. 1105) A new Marsh rose. The buds begin as bright yellow little jewels, and the opening flower is a creamy yellow. But each day the color changes—first a faint blush of ruddy orange, then a speckling of light pink, and as the days go by each flower evolves through darker pink, coral, cherry and finally to a deep ruby-red. And yet, where the magic of the sunlight failed to fall, the petals are still pale gold. Flowers are long-lasting, and the plants bloom steadily all season long. A superb, enduring cut flower, and a faultless hedge rose, Denny Boy is the finest and most unique floribunda you can grow. \$1.75 each, 3 for \$4.65.

DONALD PRIOR

(Pat. 337) A sturdy vigorous grower with immense clusters of graceful bright red flowers. \$1.50 each, 3 for \$3.90.

EUTIN

Very different. This variety has pointed, globular buds and cupped, carmine-red flowers, up to a staggering 100 per stem! The foliage is large and the plants very vigorous. \$1.50 each, 3 for \$3.90.

FASHION

(Pat. 789) 1950 All America Winner. A new color in Floribunda roses. Buds orient red open to a luminous pink overlaid with gold, giving a salmon effect. Flowers like small hybrid teas. Free flowering. \$2.00 each, 3 for \$5.25.

FLORADORA

A delightful and brilliantly colored rose. Bright orange-red flowers. Supplies a needed color in this group of bedding roses. \$1.25 each, 5 for \$5.00.

CLIMBING FLORADORA

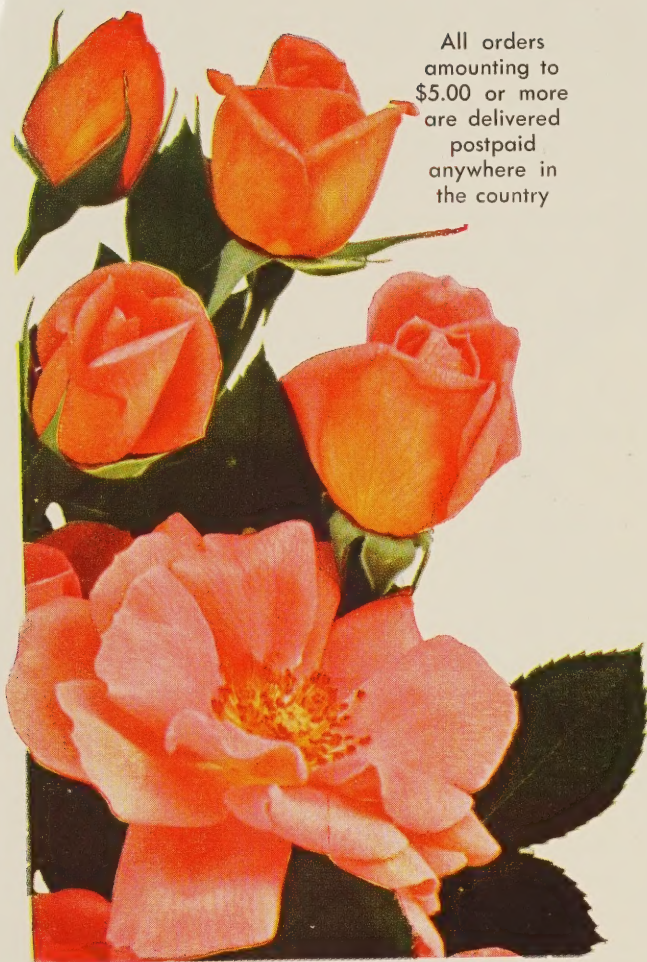

(Pat. 1054) Brand new, and certainly a welcome addition to the group of climbing roses for it brings its unique cinnabar red into this class for the first time. \$2.00 each, 3 for \$5.25.

GARNETTE

Dark, garnet-red flowers up to 2 inches across, and borne in clusters. Plants 3 feet tall. This is the rose you have admired in flower shops as a potted plant. Hardy outdoors. \$1.50 each, 3 for \$3.75.

LAVENDER PINOCCHIO

(Pat. 947) A strange color in roses, this new floribunda varies with the season, producing dusty pink young flowers, changing to smoky pink-lavender. Most striking and deepest lavender in the cool of autumn. Cluster flowered. \$2.00 each, 3 for \$5.25.

MARGO KOSTER

Ovoid orange-red blooms in clusters produced in abundance throughout the season. The low compact bushes are about a foot and a half high. \$1.25 each, 5 for \$5.00.

MA PERKINS

(P.A.F.) All-America Selections winner for 1953. The buds are coral flushed red, while the open flowers are coral suffused yellow until the flower is fully open when it becomes shell pink. Fragrant. The plant is both disease resistant and vigorous. \$2.25 each, 3 for \$6.00.

MASQUERADE

(Pat. 975) Semi-double flowers 3 inches across of changeable color, beginning as yellow and passing through lemon and pink to red. Strongly cluster-flowered, with 10 to 25 buds on a single spray. Plants up to 3 feet tall. \$2.00 each, 3 for \$5.25.

ORANGE TRIUMPH

Small flowers produced in generous clusters, with a flaming orange-scarlet color. Medium sized, disease resistant bushes. \$1.25 each, 5 for \$5.00.

PINKIE

(Pat. 712) All-America Rose Selections winner. This lovely little rose has long slender pink buds which open to fully double flowers about 2 inches across. Spicily scented and in clusters. Makes a continuous succession of bloom from spring to fall. Dwarf 2 feet. \$1.75 each, 3 for \$4.65.

CRIMSON ROSETTE

GOLDSLOCKS

(Pat. 672) An unusual and welcome yellow floribunda. Fragrant double buds of boutonniere size produced in gratifying quantities. A low spreading bush seldom over 2 feet in height. Foliage is good, shiny and attractive. \$1.50 each, 3 for \$3.90.

CLIMBING GOLDSLOCKS

(P.A.F.) Another brand new rose, with very limited supplies this year. The same bright yellow flowers as the bush rose, but in masses over a vigorous, climbing plant. \$2.50 each, 3 for \$6.60.

HONEY

(Pat. right reserved) A neat little semi-double floribunda, new last year. Plants grow 1 1/2 feet high, and bear a continuous crop of chartreuse yellow buds which open to lemon-yellow flowers, turning to creamy lemon occasionally touched with pink. Ap-pealing. \$2.00 each, 3 for \$5.00.

IRENE OF DENMARK

(Pat. 889) A white rose that harmonizes in form with the Marsh Sweetheart roses, being perfectly formed, double and graceful even when fully opened. Pure white. Plants grow about 2 1/2 feet tall and have abundant, neat foliage. \$1.50 each, 3 for \$3.90.

LADY ANN KIDWELL

(P.A.F.) It is another Sweetheart type similar to Pasadena Tournament and Red Sweetheart but distinct in the shape of bud and open flower. The delightful long buds with gracefully pointed petals of rich pink to almost red in cooler weather will take your attention. These open to star-shaped flowers 3 inches across. It is equally good for cutting and the cut flowers last several days in water. Growth upright to about 4 feet and the free flowering habit and fine healthy reddish tinted foliage densely covering the plant make this a fine addition to our list of floribunda roses. \$1.75 each, 3 for \$4.65.

CLIMBING PINKIE

(Pat. 1076) Just like the bush form, but a brand new, very promising climber. You'll admire the effect made by such large masses of small delicate pink flowers. \$2.75 each, 3 for \$7.20.

PINK GARNETTE (Petite)

You've seen and admired this cluster flowered, double pink rose as a potted plant in florist shops. 3 feet tall. \$1.50 each, 3 for \$3.75.

PINK ROSETTE

(Pat. 902) Produces open sprays of peach pink flowers, each spray bearing many flowers. Open flowers suggest the primness and beauty of Colonial roses. Makes an erect, strong growing bush with excellent foliage. \$1.75 each, 3 for \$4.65.

PINOCCHIO

(Pat. 484) An ideal companion for our Pasadena Tournament and Red Sweetheart and others. Plants are dwarf, around two feet tall—just the right size for mass planting or edging. Always in bloom with its pointed buds, salmon flushed gold in large clusters. \$1.50 each, 3 for \$3.90.

RED CECILE BRUNNER (Pasadena Tournament)

(Pat. 578) Named for the world-famous Tournament of Roses at Pasadena, this fine floribunda is the perfect red counterpart of the familiar Sweetheart Rose, Cecile Brunner. Small, dainty, bright red buds, and beautiful, velvety red open flowers. In the garden Pasadena Tournament makes a compact small to medium sized bush, well clothed in rich green foliage. Nearly thornless, it can be used in masses close to walks without danger of torn clothing. See illustration on front cover. \$1.75 each, 3 for \$4.65.

CLIMBING RED CECILE BRUNNER (Climbing Pasadena Tournament)

(Pat. 797) A fine climber with the same practically thornless habit and dainty, deep red "Sweetheart" type buds which open to marvelously velvety textured flowers of fine form, high centers and with the same excellent keeping qualities so admired in the bush type. \$1.75 each, 3 for \$4.65.

ROSE ELFE

Silvery pink gardenia-like flowers, 2½ inches across and extremely double are produced in a delightful profusion all summer. \$1.25 each, 5 for \$5.00.

Novelty Roses

MINIATURES

ESTRALIA

Picked from the plant without foliage, you would hardly recognize this to be a rose flower, since it is so tiny. The petals are white, and they form a pert little single row around the yellow stamens at the center. Plants grow only 1 foot high, and are virtually ever-blooming. 85c each, 3 for \$2.00.

OAKINGTON RUBY

Blooms only one inch across when fully open, but a perfect, fully double, ruby-red flower. Plants grow just 8 inches tall, but are exact duplicates of the large roses in everything but size. May be grown in pots or outdoors. 85c each, 3 for \$2.00.

ROSA ROULETTI

Imagine how pleased you'd be with a 6 to 8 inch high permanent edging or border of these hardy little bushes. Lots of perfect little bright pink fully double flowers about 1 inch across. These plants may be potted, too. 85c each, 3 for \$2.00.

GROUND COVER

DANCING DOLL

(Pat. rights reserved) Here's a new rose and a new idea. This unique variety has prostrate branches from which flower stems dance daintily above the ground at a height of about 1 1/2 feet. Makes a marvelous ground cover, evergreen in the South, with a single plant spreading to 6 feet wide. Profuse blooms of the double polyantha type, in medium pink shade. Very glossy foliage. \$1.50 each, 3 for \$3.90.
